Schools are shut down  
And the busses strike  
I cant see my love  
To ask him, ask him why

He doesnt like me  
Or so it seems to be  
Now I wonder  
Will there ever be a we

Lys said we would die  
You never know  
Maybe hes right  
Im sitting alone  
Drinking my beer  
Why am I here?

Toilet paper seems to  
Bring immunity  
Now I stay at home  
Got nowhere else to be

Bars and pools and restaurants  
Are closed down  
And all the empty highways  
Make me frown

Lys said we would die  
You never know  
Maybe hes right  
Im sitting alone  
Drinking my beer  
Why am I here?

Now Im bored at home  
I dont know what to do  
When will this be over  
I dont have a clue

People die and  
doctors are stressed out  
This is serious  
Dude, dont have a doubt

Lys said we would die  
You never know  
Maybe hes right  
Im sitting alone  
Drinking my beer  
Why am I here?

(Now we know)

This is not a game  
(Time runs slow)  
Itll never be the same  
(Now we know)  
This is not a game  
(Time runs slow)  
Itll never be the same  
(Now we know)  
This is not a game  
(Time runs slow)  
Itll never be the same
